"On march the banners of the King of Hell." - Inferno

Introduction:

The CM Storm Inferno Gaming mouse was harnessed within the CM Storm Labs, exclusively crafted with crucial MMO-quality in-game built – Fulfilling the needs of all MMORPGers who demands nothing less than the very best.

Mobilized to deploy any Storm Ops in heaving light-speed, the Inferno is fortified with an ultra precise 4000 DPI twin laser sensor, a boosted internal 128k Sentinel-X™ memory, and enhanced with our latest patented technology for MMORPGers – the Storm Tactics™ Multiplier key. Designed for total customization, with heavy macro and script capabilities inside, the Inferno is built to actuate ultra fast combo commands – remarkably in faultless precision.

Conquest is at your fingertips

Storm Tactics™ Multiplier Key

Onboard Sentinel-X™ 128KB

Superior Gaming
Grade Precision

Advanced Storm
MacroPro™ Key

Superior Gaming-grade Precision

The Inferno utilizes a superior laser engine to ensure extreme stability and a point for point tracking performance. Enhanced to increase your gaming needs, it provides lossless performance at optimize speed ranges boosted to enduring all types of tactical movements for sheer accuracy.

Onboard Sentinel-X™ 128KB

The Sentinel-X™ microprocessor safeguards your mouse settings and stores up to 3 different game profiles. The stored profiles can retain macro, scripts and other customizations, letting you plug and play and triumph on any pc system without the need of additional software.

Advanced Storm MacroPro™ Key

The versatile MacroPro™ Key allows easy access to actuate pre-programmed firmware commands, such as Macros, Scripts, Mouse motion and actions. Automated repetitive actions can be easily implemented for complex MMO games and/or other Windows® applications.

Rapid Fire Tactical™ Key

A pure assault apparatus - built to fire multiple rounds from a tactical mouse and/or keyboard command. Conveniently placed next to the left mouse button, this tactical key is one click away from a load of sustaining fire, giving you the utmost edge to frag your opponents and stay alive in all combat situations.

Storm Tactics™ Multiplier Key

Storm Tactics™ Multiplier key offers unique key combinations built to offer 32 extra button outputs for macros, scripts, rapid fire and other unique commands. Easy to optimize for the most intensifying MMO sessions, Storm Tactics™ Multiplier key enhances character reactions with top-notch combo command.
